

# Texas Gifted/Talented Program Implementation Resource - transcript

Welcome to the Texas Gifted/Talented Program Implementation Resource website.

If you're looking to implement a gifted/talented program in your classroom, campus or district, this new resource is a great place to start.

With customizable resources, this website will assist you in your role in designing and implementing a high-quality G/T program. The strategies, best practices, and templates provided are aligned to meet the needs of various campus and district stakeholders.

Let's take a look at the site.

The content is organized and aligned to the five sections of the Texas State Plan for the Education of Gifted/Talented Students.

- Student Assessment
- Service Design
- Curriculum and Instruction
- Professional Development
- Family/Community Involvement

Are you interested in learning about student assessment procedures for your G/T program? Select the student assessment icon and read the information provided. You will find numerous templates that can be modified for your school district, as well as a list of free resources and a link to all student assessment documents found on the site.

The site also provides considerations for the various stakeholders charged with implementing G/T programs.

We encourage you to explore and use this resource to support high-quality services for your G/T students. Using this website will help in planning and providing professional development opportunities for teachers and administrators, and reinforce collaboration among classrooms, communities, and families.
